

Technical data sheet

Isopropanol

DESCRIPTION

Isopropanol is a cleaning and degreasing agent, which can be used for various materials without biting into it. The substrate can be cleaned using a cloth moistened with isopropanol.

Technical details	
Composition	Isopropanol 99.8%
Density	786 kg/m ³
Colour	Colorless
Storage stability	1 year at 20°C
Safety properties	
Flash point	12°C
Autoignition temperature	399°C

STORAGE

Store in its original packaging in a cool, dry and well ventilated area. Keep this product removed from heat, hot surfaces, sparks, open fire and other sources for ignition.

BENEFITS

- Evaporate quickly
- Antiseptic
- Effective cleaning agent

USAGE INSTRUCTIONS

Make sure that the area is well ventilated and wear protective gloves and safety glasses. Apply the isopropanol with a cloth, cleaning the substrate. After cleaning, let the isopropanol evaporate before applying any adhesive.

PACKAGING

Isopropanol series is available in different volumes of packaging.

Legal Disclaimer

The products of Permacol (the "Supplier"), are sold subject to the supplier's standard conditions of sale, which are included in applicable sales agreements, printed on the back side of invoices, or available upon request. Although the information, recommendations or advice contained herein is given in good faith, supplier makes no warranty or guarantee, express or implied, (I) that the results described herein will be obtained under end-use conditions, or (II) as to the effectiveness or safety of any design incorporating supplier's products, recommendations or advice. Nothing in this or any other document shall alter, vary, supersede or operate as a waiver of any of the supplier's standard conditions of sale.

Each user bears the full responsibility for making its own determination as to the suitability of Supplier's products, recommendations or advice for its own particular purpose. Each user must identify and perform tests and analyses sufficient to assure it that its finished parts will be safe and suitable for use under end-use conditions. Because actual use of products by the user is beyond the control of Supplier, such use is within the exclusive responsibility of the user, and Supplier cannot be held responsible for any loss incurred through incorrect or faulty use of the products. Further, no statement contained herein concerning a possible or suggested use of any product is intended or should be construed to grant any license under any patent or other intellectual property right of Supplier, or as a recommendation for the use of such material in the infringement of any patent or other intellectual property right.
